YEAR

SimpLift®

the universal homelift

No structural work required

Say goodbye to construction work in your home - all you need is a pit just 100 mm deep to install your own personal lift with either manual or automatic landing doors.

5-year warranty

- The only one in Italy to offer such an extended warranty as standard.
- Peace of mind, with the certainty of having a safe and reliable product in your home, built to last.

No machine room required

You won't need to sacrifice any space for a machine room in your home — the entire system is built into the home lift shaft!

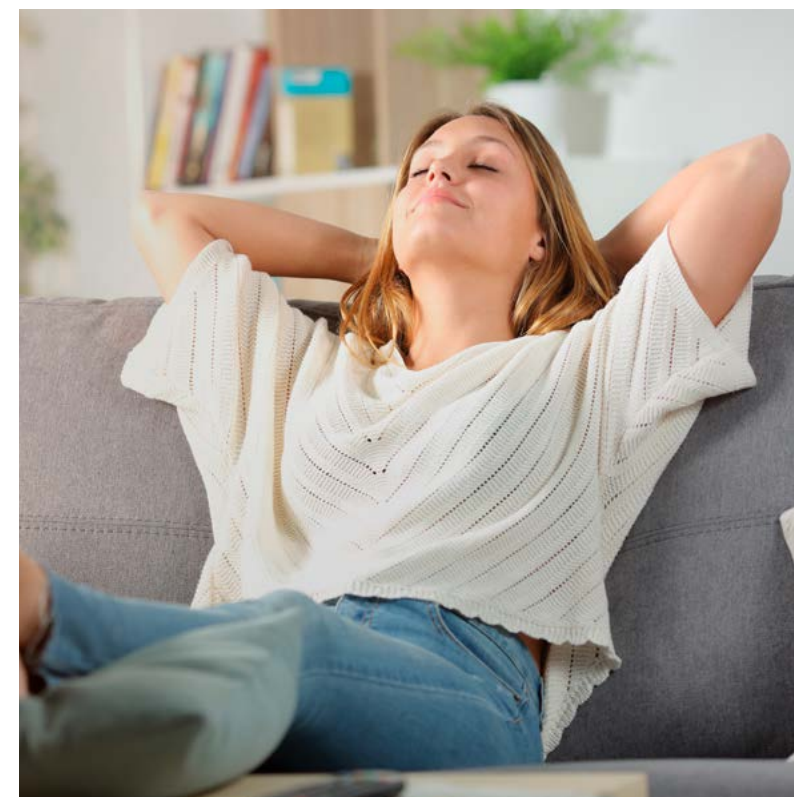

Simplift® fits into any existing space

Both with a narrow space or a large one, we always offer the best solution — with 110 possible car configurations, your Simplift® will blend perfectly into any environment.

SimpLift®

Silent

Thanks to our "Silent Pack" system, using or having **Simplift®** in your home is now even more comfortable - nothing will disturb your peace of mind.

Maximum comfort and reliability

Thanks to the integrated remote monitoring system 'Sentinel', we can constantly check that your homelift is always running at peak efficiency. This means no unexpected breakdowns and faster, simpler, and more cost-effective maintenance.

Simplift®

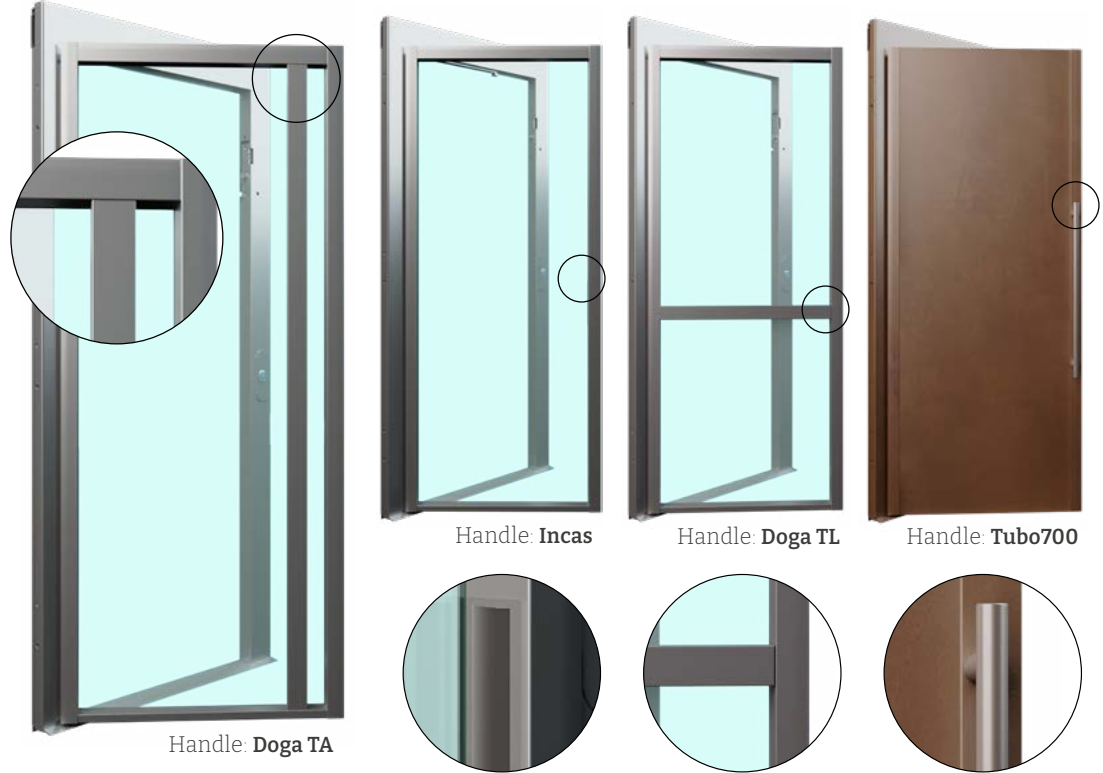

Simplift® is one of a kind. No other homelift combines all these features in a single solution.
